Buy a Brick, Preserve a Memory

The Dream….. is a new playground. But it is not just an ordinary playground. The playground in Brainerd's Bridge Park provides children with challenges, exercise and good old-fashioned fun! At the same time, this is a great opportunity for the Waupaca community to unite behind a project that will benefit the children of our community for many years to come!

Would you like to give a wonderful gift to the community and its children? The front entrance of the new playground will have "gift bricks" forming the sidewalk. You can have your name, your children's, family name, or "in memory of", on a gift brick, and raise money for the playground at the same time!

The Gift Bricks come in three different sizes. Select the size and clearly print the words that you would like engraved on your brick (the number of characters is listed along with the size of each brick).

☐ **4" x 8" (14 characters max per line, 3 lines)**
$100.00

☐ **8" x 8" (14 characters max per line, 6 lines)**
$300.00

☐ **12" x 12" (21 characters max per line, 9 lines)**
$500.00

Clearly print the words that you would like engraved on your brick, next to the appropriate line, keeping in mind the maximum number of lines for your selected brick size.
